Attention!

- Keep the island clean. Be sure to take your trash with you.
- A large part of the island contains the premises of the National Sanatorium Oshimaseishoen. Check the signboards and other displays to stay out of the residents' living zone. Smoking is prohibited inside the sanatorium.
- Do not bring a bicycle.
- You may encounter wild boars outside the village community areas. If you come across any, do not turn your back to it. Walk backwards slowly and leave quietly. Do not try to take a photo or chase it, because it may think you are an enemy and attack.
